# BACHELOR'S DEGREE IN INTERNATIONAL HOTEL MANAGEMENT

We are specialists in hotel and tourism training. We employ a teaching method of French origin with international projection, which combines theory with practice in hotels.

## National and International Internships

During the three years of the Bachelor's Degree in International Hotel Management programme, Vatel Málaga Hotel & Tourism Management Business School offers different training periods depending on the academic syllabus of each year and the skills of each student.

Vatel has **agreements with major international and national hotel chains** to enable students to do the internships so that students acquire 16 months internship experience in order to adapt to the reality of the labour market.

The internships in hotels have an approximate duration of 6 months per year of study.

### FIRST Course

During the first course, Vatel students will spend **6 months** of internships, approximately, in the **Food and Beverage** Department, in national hotel establishments.

### SECOND Course

During the second course, Vatel students will spend approximately **6 months** of internships in the **Accommodation** Department, in international hotel establishments.

### THIRD Course

During the third course Vatel students will do **6 month** internships in **Finance, Marketing, Purchasing, Revenue Management, Events Management**, amongst others.

# EXTRACURRICULAR ACTIVITIES

At Vatel Málaga, we consider important to include activities beyond the academic life, this is why each programme is reinforced with extracurricular activities that will add a professional knowledge and will improve management skills, strategic abilities and the entrepreneurial spirit of our students.

## Professional visits

In order to complement their theoretical classes, students visit different hotels, in order to learn more about their operation, structure and future work environment. During the visits to the different wineries and vineyards, students learn the keys to wine production and tasting, in addition to the different perceptions that exist among the multiple grape varieties.

## Interviews with Hotel groups

Each year, Vatel receives the Directors of Hotels and Human Resources who present their brand and conduct face-to-face interviews with students, in search of the best internships. Vatel Spain counts every year with the contact of many national and international hotel groups and establishments such as: NH, Palladium, Melia, Marriott, Marugal, Forte Hoteles, Los Monteros, among others. The hotel visits offer students the opportunity to familiarize themselves, at first hand, with the philosophy, the future projects of each company and to be interviewed as candidates for the vacancies in each hotel.

## Professional workshops

Vatel organizes different professional activities for the students, which allow them to complement the theoretical knowledge learned in class and prepares them for their internships. During the theoretical semester, the students carry out workshops and learn about the practical aspects of the restaurant service and the kitchen in a hotel, in order to be able to respond to the needs of their future customers in a hotel establishment. The students have their first contact with the protocol of banquets, cooking and bars.

SOFÍA

*"One of the most rewarding things during the internships is to be able to talk with professionals from different countries."*

### Alumni testimonials

*"Due to the practical experience you realize that the career you have chosen is a great decision."*

NICCOLO

# THE PROGRAMME

The **Bachelor's Degree in International Hotel Management** programme is addressed to candidates who have successfully completed High School studies and its final aim is to train future professionals in Operational Management in any hotel department.

The duration of the programme is **3 years** and includes **16 months of internships in three to five star hotels** in Spain as well as worldwide. Students will acquire experience associated with the reality of their future profession, develop teamwork aptitudes and gain experience in their desired future environment.

## Degree

VATEL Degree certified by the French State.

## Initial career opportunities

Operational management positions in any hotel department.

## Duration of studies

3 years.

## Internships

16 months distributed in three years, in 3 to 5 star hotels selected by Vatel .

## Language

English (non native English speaking students must have B2 level in English).

## WHERE OUR STUDENTS COME FROM

Vatel students come from **a variety of more than twenty-five nationalities**, distributed among Spaniards, French, Algerians, Italians, Salvadorans, Bolivians, Moroccans, Cubans, Venezuelans, Belgians, Vietnamese, Egyptians, Georgians, Lebanese, Russians, Portuguese, Peruvians, among others. A melting pot that delves deeper into the maximum internationalization that prevails in the tourism sector and that Vatel Spain promotes in all its aspects.

## INCORPORATION TO LABOUR MARKET

**97%** Of our students obtain a job in the first 6 months after their degree, accessing professions as exciting as: **Assistant Front Office Manager, Restaurant Manager, Assistant Housekeeping Manager, Sales Executive, Revenue Manager, Room Division Manager, Human Resources Manager, Marketing Director, Events Manager, Guest Relations & Business Development**, among others.

## THE ADMISSION'S TEST

Vatel's Madrid admission tests are especially designed to evaluate **motivational and vocational skills**, as well as the **profile** which is required for the hotel management programme. Candidates will take an English Test, a Reasoning and Capacities Test and pass a Personal Interview; the tests do not need any previous preparation and could be done online, if the candidate lives abroad.

*"For more than 10 years we have been committed to the highest qualification of the hotel and Spanish tourism sector; this is the main goal that Vatel Spain imposes on each and every one of its promotions and that it achieves to transmit to its students. Our goal is to achieve professional excellence through the continued effort of our entire teaching team, together with the illusion of the students with a clear vocation for this career."*
